.....Home Alone Program.....

This program is designed for 10 yr. olds by the Canada Safety Council to provide children with the necessary skills and knowledge to be safe and responsible when home alone for short periods of time. It will help them understand how to prevent problems, handle real-life situations, and keep them safe and constructively occupied.

This course takes approximately 2.5 hours and focuses on small group discussions, problem-solving, role playing, and instructor led demonstrations. Deciding when children are mature enough to be at home on their own is an important judgment for the parent.

Next course date: Friday, February 24th 1pm – 3:30pm

Cost: $25.00 (must pre-register & pre-pay) (includes manual and certificate)
